IT'S OKAY TO PREVENT WASTE. IT'S OKAY TO REDUCE CO2 EMISSIONS. AND IT'S CERTAINLY OKAY TO USE 75% LESS ENERGY AND 86% LESS WATER! THAT'S WHY WE ONLY USE RECYCLED POLYESTER. AND WHY WE CALL IT OKAY POLYESTER ↻

NEUTRAL® IS CERTIFIED BY GLOBAL RECYCLING STANDARD

Neutral® Recycled Performance Wear is certified by Global Recycling Standard. We have the right to use the official certificate and to put the label on our products. But if we do, our customers, like textile printers, must be GRS certified as well to sell the product!

That's why we had to create our own funky looking stamp. It's still 100% okay!
