TENT 2X2

Advertising tents are an ideal solution during internal events, where we seek a shelter against rain or sun. Strong frame is made of light aluminium, thus the tent is easy to assemble and convenient in transport. We print graphics on a polyester fabric by means of sublimation method which guarantees vivid colours and resistance to atmospheric conditions.

- Set is composed of a frame, pins, 3.5 meter rope and transport bag.
- Factory textile is available in four colours: white, black, blue and red..
- Graphics possible on any tent element (walls, half-wall, canopy).
- Wind resistance up to 28 km/h.
- Wide assortment of additions and accessories.
- Set includes durable bag on castors.
